

## TRP AIR DRYER CARTRIDGES

TRP are pleased to offer another maintenance solution, this time for your Air System. As air moves through the air lines to the air tank, it cools which results in condensation. This water can pool in the bottom of the air tank along with any contaminants and oil that have passed through the compressors air filter. TRP Air Dryer Cartridges reduce water and contaminants from the air system, helping your air tanks stay clean and dry.

TRP Air Dryer Cartridges are available for either Bendix or SKF air dryer systems. Made to industry standards (comparison tested alongside OE cartridges) and containing OE quality desiccant, you can be confident that TRP Air Dryer Cartridges will perform day in, day out.

Air Dryer Cartridges - Bendix

Air Dryer Cartridges - SKF

### Features & Benefits

Feature	Benefit
OE quality desiccant	Helps prevent air brake and suspension valve contamination
Proven canister crimping process	Passes pressure durability test of one million cycles
Tested to meet industry standards	Can handle Australian service conditions
1 year unlimited kilometre, no fuss warranty	Peace of mind
Competitively priced	Value for money

### Cross Reference Numbers

Type	TRP Part Number	Equivalent Part Number	Bendix Air Dryer Reference
Bendix	AC1001	5008414	AD-SP / AD-IS
Bendix	AC2001	107796	AD-9
Bendix	AC3001	065624	AD-IP
SKF	AC4001	T224P
